WORKSHEET A

COMPUTATION OF STATUTORY SPENDING LIMITATION

Divide the assessed valuation of the real property subject to taxation by the Fire District as shown on each assessment roll for the district completed in the second calendar year prior to that in which the expenditures are to be made, by the town equalization rate established for each roll by the State Board of Equalization and Assessment.

(Example: For each budget prepared in year 2 (current year) and taxes to be raised and expended in year 3 (next year), used assessed valuation of year 1 (last year) divided by the town equalization rate established for this assessed valuation).
